SANITY - iPM Maintenance

- You will find the Project Status both on PLM (Project & Launch Management) and PP (Portfolio Project)

The image displays two overlapping screenshots from the SANITY iPM system. The background screenshot is the 'Project & Launch Management' (PLM) view for 'Hydroxycarbamide FCT (417457) SDC Kundl'. It shows a 'Details' tab with a 'Portfolio Project Status' field set to 'Active', which is highlighted by a red rectangle. A blue arrow points from this field to the foreground screenshot. The foreground screenshot is the 'Portfolio Project' (PP) view for 'Hydroxycarbamide FCT (417457-001712)'. It also shows a 'Details' tab with a 'Project Status' field set to 'Active'. A red arrow points from the 'Owner' field (Ullas Hiremath) in the PP view to the text 'If wrong, contact GPfM via chatter'. A blue arrow points from the 'Look-up from Portfolio Project (PP)' text to the 'Project Status' field in the PP view.
